

# TED BUCKLEY

**WANTS TO SPEAK AT  
YOUR UPCOMING EVENT!**

Impactful, Entertaining and Thoughtful  
Speaker and Author

**IN HIS NEW BOOK AND THIS LIVE PROGRAM,** Ted speaks on everything but the money in retirement. You will complete the free workbook in this seminar to develop a plan just for you!

Ted has spent years helping people plan financially for retirement. But retirement is about much more than money. Once you've got your money on the right trajectory, it's the day-to-day aspects of retirement that you need to work on. It's the Mental Preparation!

Are you retiring within the next 10 years or recently retired?

Are you Anxious about the day-to-day changes of no longer working?

Are you looking to improve and make your retirement the time of your life?

Plan now to avoid one of the major crises facing seniors, "loneliness as you age!"

**FINANCIAL PREPARATION  
+ MENTAL PREPARATION  
= HAPPY RETIREMENT**

Teds programs are well received and typically sold out! Each attendee receives a free companion workbook that is completed during the program. Each attendee starts developing their own "Enjoy Retirement Plan"!
